The MICHELE ROSEN GLOBAL FELLOWSHIP

The Rosen Fellowship supports two extraordinary, committed, Seattle-based Jewish young adults annually to travel overseas on a JDC Entwine Insider Trip where they will support community needs, learn about the issues facing the community and experience Entwine's Jewish learning curriculum.

Preference for the Fellowship is given to young adults who express a strong interest in international development work.

This Fellowship is generously supported by the Rosen Family in honor of Michele Rosen and her dedication and passion for international development work and the global Jewish community.
